**STATEMENT OF LINDA KENNEY BADEN, ESQ. ON THE
DEATH OF PHILLIP SPECTOR**

[NYC, New York] [January 17, 2021]

This morning I learned of the passing of Phillip Spector. As most of you may know, Phillip was a musical genius, who was a songwriter, musician and record producer who developed the Wall of Sound. He was also my client. During the time I represented Phillip, I was able to get to know both he and some members of his family. He was a loving father to his daughter Nicole and my heart goes out to her. My sincere hope is that he has reunited with his son, Phillip, in peace.
